Thika, Kenya.
10th September, 2021

Dear Billy and Linda Underwood,

Hello! How are you? I hope you are good and healthy. I am also doing fine here in school, just working hard. My name is Christine Lotone Loote, a 19 year old Kenyan girl and a form two student at Juanita Girls High School. I am the first born child in a family of four to Ann Lomuria and John Loote. I was born in Turkana county, Lokichar but we moved to Nanyuki in Laikipia county.

I come from a very humble background and my parents could not afford my high school education. I thank God, you came through for me. I am very grateful to you, for sponsoring my Secondary education.

You have brought a great change in my life. I remember immediately after class 8, a man asked for my hand in marriage at age 16. As a young girl, coming from a community where girl-child education is not given priority. Your act of kindness to educate me has changed my life completely. As a result, I promise to work hard in my studies, and realize my dream of becoming a great doctor. I am looking forward to joining Harvard University in the U.S.A to pursue Medicine.

I also like singing gospel songs and dancing. I started singing at an early age in Sunday school. I believe in future I can serve God through gospel songs. Therefore, I would like to be a gospel artist and produce gospel songs. Actually singing inspires me and reminds me about the love of God towards me.

Once again, thank you Billy and Linda Underwood for choosing me among many and supporting me in my studies. I whisper a prayer to God every day for you Billy, Linda and George Hutchings. May the almighty God protect you, grant you your hearts desires and satisfy you with long life.

Proverbs 19:17 “ Whoever helps the poor, lends unto the Lord and that which he has given will He pay him again.”

Yours loving,
Christine Lotone
