

Dear Norvin and Marty Porter,

I hope you are well. I am doing well and I am honoured to get this opportunity to talk to you. My name is Fidelis Wanjiku Kinyua, I am 17 years old. I am the first born child to Mr and Mrs Kinyua. I have a younger brother, Derrick who is 7 years old.

I am a Form Two student at Juanita Schools. Juanita has been a gift from God to me and my entire family. I enjoy being in this school because it is a home away from my home and it's the Best High school, a place to live and learn. The most important thing is that we are always kept close to God and that makes me feel that God is always on my side.

In Juanita school, I am being molded to be an all rounded student, to work hard in my academics, we have sporting activities and to have a relationship with God. I like socializing and I have been able to make new friends, whom we encourage each other to be the future leaders and professionals.

I am actively engaged in sports, I like playing soccer and volleyball. I am the House Captain for Harvard and I love our game's jersey. I am talented in dancing and I love that here in school, talents are being nurtured, we even have the Saturday's evening to showcase our talents.

Since the day I got the chance to be a student at Juanita School, I gave my parents a promise that I will work extra hard to give them a better life, as they are trying really hard to make ends meet. The situation at home has made me put effort in my studies and I was in second position in the just concluded examinations. I would not be able to achieve this without the help of God and my very excellent teachers.

I will be the youngest, female Pilot in Kenya and fly all over the world. I can see it becoming a reality, thanks to God for using you to sponsor my education. I hope that I will be honoured to have you fly with me on my first flight.

I really thank you from the bottom of my heart and I really pray to God to bless you and your family forever. May God bless the work of your hands. It is my hope and desire that I will get the chance to meet you one day and personally thank you..Thank You! For making my life better and supporting me to achieve my life goals.

May God bless you and keep you.

Regards,
Fidelis Wanjiku.
